Solid Surface
Anti-vandal Sanitaryware

Models & Operation

The Wallgate Range of Solid Surface Sanitaryware provides a superb alternative to stainless steel with superior strength at significantly less cost.

WC Pan

Manufactured to patented designs from high quality Solid Surface composite materials, the WC Pan is available in a range of colours, it has unique wall and seat fixing methods to combat vandalism. Disabled versions are available. It can be supplied with high security, low voltage stainless steel touch button or with manual/pneumatic push button flush control and is available in a range of cistern and seat options. WRAS approved.

Toilet Options

There are a number of options available:

1. **CWC_80** is a seatless toilet.
2. **CWC_80 and TS_0001** is a toilet with conventional grey toilet seat with lid.
3. **CWC_80ST** is a toilet with a permanently fixed Solid Surface toilet seat.
4. **CWC_81 and TS0004** is a disabled toilet with disabled white seat.
5. **WCCV81** is an extension piece for the disabled toilet.
6. **CWC_100** is a wall mounted toilet.
7. **CWC_100ST** is a wall-hung toilet with a permanently fixed Solid Surface toilet seat.

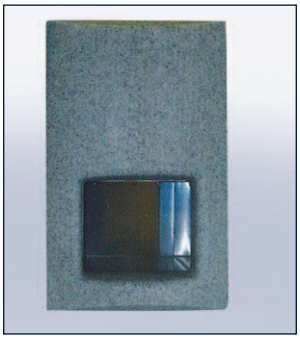
Solid Surface Pod Urinal (CWU)

The Wallgate Solid Surface Pod Urinal is compact, highly vandal resistant and available in a range of colours. It is supplied complete with high quality fittings, including; chrome plated spray flush outlet, chrome plated waste strainer, and a 32mm ID waste pipe. Choices of concealed or exposed service models are available.

Urinal Divider (CWD)

The Wallgate Urinal Divider is compact, highly vandal resistant and designed for surface mounting with front or rear access wall fixings. It can be combined with matching WC pans, handwasher drier machines or sinks to provide a complete washroom solution.

Tissue Dispenser (TSHR_01)



This dispenser has a Solid Surface fascia with a vandal resistant stainless steel interior and rear access to replenish the holder.

Nappy Chute (TWNP_01)

With a Solid Surface fascia and vandal resistant stainless steel interior the Nappy Chute can be placed above an existing waste bin.

Other Products

Other products available in the Wallgate Range include Handwasher Driers, Drinking Fountains, Shower Trays, Air Driers, Basins, Mirrors and Vanity Tops (Vanity Tops are available in lengths up to 3 metres). All Vanity Tops can be fitted with traditional or sensor operated taps. Details available on request.

Colours

All of the Wallgate Classic Range of Sanitaryware is available in a wide range of matching granite effect colours and plain white.
