BUILDING REFURBISHMENT
PROTECTING YOUR CONCRETE ASSETS
Sika building refurbishment is based on helping the owner protect their assets, and prolonging the life of the building, by rehabilitating and restoring the concrete surfaces back to their original quality. Where required, Sika provides structural strengthening solutions for concrete to take increased loads. Sika’s solution and products are supplied in accordance with BS EN 1504.

**MARKETS**

Sika repair buildings in these markets and in any markets where concrete has been used in the construction.

**THE REPAIR PROCESS**

**INVESTIGATION** - carry out an assessment of the structure.

**DIAGNOSIS** - identify the root causes of damage.

**OPTION** - consider the various repair options to offer the client the best value to protect their concrete structure.

**REPAIR** - select the correct materials for the repair, corrosion-control and protection of the concrete structure.

**MAINTENANCE** - consider how, what and when future maintenance is required, and how it should be done.
SURVEY OFFERING

Sika can interpret concrete condition surveys, or work alongside you to process the results. This will give an understanding of the condition of the concrete, and the cause of any concrete defects, enabling Sika to offer the best remedial solution.

SITE SURVEYS CAN TAKE PLACE WITH A SIKA REPRESENTATIVE TO PROVIDE A DETAILED MATERIAL SPECIFICATION

SOLUTIONS

REPLACE DEFECTIVE CONCRETE USING THE Sika® MonoTop® CONCRETE REPAIR RANGE

STEEL REINFORCEMENT TREATMENT
Sika® Monotop®-610
Sika® Armatec 110 EpoCem
Sika® Galvashield® Compact

REPAIR MORTARS
Sika® MonoTop®-615
Sika® MonoTop®-612
Sika® MonoTop®-614F
Sika® Rapid Repair Mortar

SMOOTHING COAT
Sika® MonoTop®-620

TREAT ANY CORROSION ON THE REINFORCEMENT, AND DELAY THE ONSET OF FURTHER CORROSION USING THE SIKA® TOTAL CORROSION MANAGEMENT SYSTEMS

MULTI-FUNCTIONAL INHIBITORS
Sika® Ferrogard®-903 (Liquid)
Sika® Margel VPI 580 (Vapour)

GALVANIC ANODES
Sika® Galvashield® XP range
Sika® Galvashield® CC range
Sika® Galvashield® Fusion range

DISCRETE ANODES
Sika® Ebonex
FURTHER PROTECT AGAINST CARBONATION AND CHLORIDES USING THE Sikagard® COATINGS RANGE

SMOOTHING COATS
Sikagard®-545 Elastofil
Sika® MonoTop®-620

ANTI-CARBONATION PRODUCTS
Sikagard®-55W Elastic
Sikagard®-675 ElastoColor

HYDROPHOBIC IMPREGNATION
Sikagard®-706W Thixo

ANTI-GRAFFITI PRODUCT
Sikagard®-850 AG

STRENGTHEN THE CONCRETE USING THE Sikagard® Carbodur® PLATES AND SikaWrap® FABRICS RANGES

Sika® Carbodur® PLATES

SikaWrap® FABRICS

WHAT YOU CAN EXPECT FROM SIKA

- Project discussion
- Project specification
- Recommended contractors
- On-site support
- Guarantees up to 20 years

OTHER REFURBISHMENT SOLUTIONS FROM SIKA

BRICK PROTECTION  BALCONY COATING  LIQUID ROOFING  WATERPROOFING  CAR PARKS
HEATHGATE

Products:
Sika® MonoTop®, Sika® Margel VPI 580, Sikagard® coatings

Solution:
A total corrosion management concrete repair specification provided the protective solution a residential building’s deteriorating exterior, to ensure the long-term comfort and safety of its occupants.

POPLAR BATHS

Products:
Sika® MonoTop®, Sika® Galvashield, Sikagard® coatings

Solution:
A Grade II-listed Victorian building, once home to public baths for London’s poor, was transformed into a state-of-the-art leisure centre, with Sika’s anti-corrosive concrete repair system, to ensure the safe and long-term conservation of the historic structure.

MIXENDEN COURT

Products:
Sika® Monotop®, Sikagard® coatings

Solution:
With the requirement for a cost effective, reliable and efficient way to repair damaged concrete surfaces, and extend the life of four towers blocks in Halifax, an advanced concrete repair system was specified.
WHO WE ARE

Sika Limited and Sika Ireland Limited are part of the global Sika Group, specialising in the manufacture and supply of chemical based products. Sika have a leading position in the development and production of systems and products for bonding, sealing, damping, reinforcing, and protecting in the building sector and the motor vehicle industry. Sika has subsidiaries in 57 countries around the world and manufactures in over 190 factories. With over 17,000 employees Sika generates annual sales of CHF 5.75 billion (£4.69bn). We are also committed to providing quality, service, safety and environmental care.

In the UK and Ireland, we provide market-leading solutions for concrete, waterproofing, roofing, flooring, refurbishment, sealing & bonding, and industry, and have manufacturing sites in Welwyn Garden City, Preston, Leeds and Dublin with more than 700 employees and a turnover of more than £220 million.

The information, and, in particular, the recommendations relating to the application and end use of Sika® products, are given in good faith based on Sika’s current knowledge and experience of the products when properly stored, handled and applied under normal conditions. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The proprietary rights of third parties must be observed. Please refer to our homepage www.sika.co.uk for our current standard terms & conditions applicable to all orders. Users should always refer to the most recent issue of the Product Data Sheet for the product concerned, copies of which will be supplied on request.
