

low energy range
SR1100F

The SR1100F offers a fast dry time of 15 seconds. This low energy, high speed hand dryer is slim, compact and modern, with class leading design, performance and efficiency. Its secure, click-on design ensures easy install and maintenance, allowing the dryer body to be fitted by a non-electrically qualified person.

Features

- High speed, low energy
- Energy Technology List accreditation (pending)
- Clip-on back plate, so servicing can be completed by non-electrically qualified personnel
- Hygienic, as touchable parts coated in antimicrobial additive to reduce build-up of bacteria, germs and viruses
- Slim, compact and modern design.
