

## Audley Redwood Retirement Village

Gripsure supplied Gripsure Pro Castellated non slip decking for Audley Redwood retirement village in Bristol. The anti slip timber decking was installed on fourteen luxury retirement apartments to ensure peace of mind for the residents. The retirement village has been built to a high specification and comprises of one hundred and six apartments and twenty cottages in a fifteen-acre parkland that features a restaurant, library and health club for residents to enjoy in their leisure.

The balconies with unspoilt views of the surrounding greenery have been finished to a very high standard with decorative railings that complement the local Georgian architecture. Gripsure Pro Castellated combines a traditional grooved timber decking board with two anti slip strips for a high slip resistance to ensure residents get the most out of their outdoor space all year round in a secure environment.

## GRIPSUREPRO

Pro Castellated is a traditional deck profile with deeper grooves to aid drainage. With two non-slip inserts for an excellent slip resistant finish.
