...Quality windows needn’t cost the earth

Sustainability with performance & style

The Infinity System from VEKA offers the technology and style that all VEKA systems are renowned for with all the sustainable benefits of recycled content.

Performance, aesthetics and the reassurance of the VEKA brand, the most specified in the world.

The VEKA Infinity System – Quality windows needn’t cost the earth.
The VEKA Infinity System combines the highest levels of technology and style that you would expect from a VEKA window system, coupled with an environmental conscience, as Infinity profiles contain up to 80% recycled content, dependent on window style. Enhanced to BS EN12608 extrusion performance standards, Infinity profiles are classified and inert classification and heat treatment to provide the performance of virgin profile, while also benefiting from recycled content – a must for many projects in the commercial marketplace, and brought to you by the first windows systems company to establish a PVC-U recycling plant.

The choice of specifiers:
Some of profiles with the reassurance of the VEKA brand – the most specified profile in the world.

The choice of fabricators:
Fully compatible with the Matrix 70 system – existing manufacturing and component parts can be used.

The choice of installers:
A strong and positive sales message to take to environmentally conscious homeowners, coupled with classic bevelled good looks.

The choice of homeowners:
A wide choice of window styles plus the knowledge that new windows needn’t cost the Earth.

Recycled Specification
The Infinity System is designed in such a way that all recycled material is totally encapsulated within virgin raw material, ensuring the perfect surface finish that all VEKA window systems are renowned for.

• All profiles are extruded to BS EN12608
• Recycled profiles containing up to 80% recycled content.
• Perfect quality and colour match for Matrix 70 systems, allowing full integration of the 2 systems
• All Infinity recycled profiles are guaranteed for 10 years

Classic Good Looks
Each Infinity System features classic bevelled good looks to suit any style of property and is available in white. The Infinity System enjoys perfect colour match which is 100% quality and colour compatible with the Matrix 70 suite of profiles.

Window Style | Max Width | Max Height
--- | --- | ---
Casement Window Side Hung Sashes | Un-reinforced 700mm | 1000mm
| Fully reinforced 700mm | 1400mm

Casement Window Top Hung Sashes | Un-reinforced 700mm x 1000mm | 1000mm
| Fully reinforced 1300mm x 1200mm
