

# Get a handle on your access control

ASSA ABLOY

With the new wireless Aperio® H100

The global leader in  
door opening solutions

Energy-saving & low carbon

LED communicates status

Fits most interior door types

Multi-credential authentication

No need to drill doors

Aperio® H100 wireless electronic handle

**Simple. Secure. Stylish.**

Add access control capability to any interior door

*The new Aperio® H100 packs the power and flexibility of wireless access control into one slim, cleverly designed, battery-powered door handle. With easy retrofitting to almost any interior door and comprehensive RFID support, the new Aperio® H100 handle makes it cost-effective to boost security for sensitive offices, storerooms, archives, meeting rooms and more.*

**Key benefits:**

- The easiest way to add access control to a mechanical lock without drilling
- Robust, wireless device designed for high-traffic environments
- Compatible with most common European (DIN) and Scandinavian mortise locks
- For wooden, steel and tubular-frame doors (and glass doors with standard lock cases)
- Keep your existing mechanical cylinder
- Straightforward integration with third-party access control systems
- Works with an online system or as an offline lock
- Discrete handle with minimum footprint and contemporary design
- LED for instant status visualisation
- Takes one screw to replace handle batteries
- Supports the following RFID technologies: MIFARE Classic®, MIFARE Ultralight®, MIFARE® DESFire®, MIFARE Plus®, MIFARE® SE, MIFARE® DESFire® SE; iCLASS SE; iCLASS Seos®, iCLASS Seos Elite

## Plan your upgrade now!

Add wireless access control to your new or existing access control system. Aperio® is built to integrate seamlessly.

Aperio® device range includes escutcheons, cylinders, security locks, a server cabinet lock and the new wireless electronic handle.

*Supports the latest card and mobile credentials*

*Robust design for all interior applications – plus online and offline access control*

*Wireless installation – no drilling needed*

ASSA ABLOY is the global leader in door opening solutions, dedicated to satisfying end-user needs for security, safety and convenience

**ASSA ABLOY**

[www.assaabloy.com/aperio](http://www.assaabloy.com/aperio)

“Wireless locking evolution for online and offline door control”.

Aperio® is a new technology developed to complement new and existing electronic access control systems. Providing end users with a simple, intelligent way to upgrade the controllability and security level of their premises.

## **ASSA ABLOY**

As the world's leading lock group, ASSA ABLOY offers a more complete range of door opening solutions than any other company on the market. In the fast-growing electromechanical security segment, the Group has a leading position in areas such as access control, identification technology, entrance automation and hotel security. Since its formation in 1994, ASSA ABLOY has grown from a regional company into an international group with around 47,000 employees and sales of more than SEK 71 billion.
