# Colour Book

2018/19

Presenting Syska's new 2018/19 colours for Quest acoustic panels and our range of Skyline, Tessellate and Rise acoustic solutions.

With a total of 34 unique colours, ranging from subtle hues of grey, natural shades of greens and browns and vibrant yellows, blues and reds, we have a colour suitable for every environment.

With the flexibility of Syska's Tessellate tiles and Skyline products, colours can be mixed and matched to create truly stunning results that please both the ears and the eyes.

Custom colours can be produced to match any RAL code\*
