

# Certificate of Registration

QUALITY MANAGEMENT SYSTEM - ISO 9001:2015

This is to certify that:

Aggregates Industries UK Limited  
Bardon Hill  
Coalville  
LE67 1TL  
United Kingdom

Holds Certificate Number:

FM 96927

and operates a Quality Management System which complies with the requirements of ISO 9001:2015 for the following scope:

**Please see scope page.**

For and on behalf of BSI:

Andrew Launn, EMEA Systems Certification Director

Original Registration Date: 2006-01-19

Latest Revision Date: 2018-10-23

Effective Date: 2018-02-10

Expiry Date: 2021-02-09

...making excellence a habit.™

Certificate No: FM 96927

## Registered Scope:

The extraction, processing and supply of the following products:-

Coarse and fine aggregates  
Blended aggregates Fills and sub-bases  
Rock armour stone  
Dimensional stone  
Rail ballast  
Agriculture lime.

The extraction, processing and supply of the following products:- Coarse and fine aggregates Blended aggregates Fills and sub-bases Rock armour stone Dimensional stone Rail ballast Agriculture lime. The production of bituminous mixtures for roads, airfields and other paved areas. The recycling of bitumen bound aggregates into asphalt mixes. The recycling and processing of secondary aggregates. The production and design of pre-cast concrete building products for structural, civil engineering and domestic applications. Production and supply of wooden moulds and polyurethane inserts for internal use and Bradstone Licensees. Supply of bagged specialist, decorative, water filtration aggregates and Highway reinstatement products. The import, storage and despatch of cementitious materials. The production and sales of readymix concrete. The sourcing and supply of Power Station Fly Ash materials into the Ready-Mixed Concrete market, Concrete Products markets and other related applications. The collection, recycling and disposal of construction and demolition waste including the production and supply of sub base and general fill materials. The unloading of Aggregate trains. Production and sale of lightweight aggregate (Lytag). The recycling of bitumen bound aggregates into asphalt mixes. The supply and lay of asphalt and dry stone materials to airfields, roads and other paved construction. The selection and management of subcontractors and suppliers (supply chain members). The management, construction and design of civil engineering projects, structures and associated works. Highway surfacing, reinstatement and associated minor civil engineering works. The laying of asphalt mixes in accordance with the requirements of National Highway Sector Scheme 16. The planing, sawing, milling, crack and seating of pavement surfaces, including the provision of specialist services, for the technical enhancement of roads and airfield surfaces. Mix design of cement and other hydraulically bound materials. The mixing of bulk powders, granular materials, liquids and additives by continuous process for civil engineering and environmental purposes and for use as encapsulating material for landfill containment and site remediation. The supply and laying of cement bound materials to airfields, roads, ports and other paved constructions. Maintenance of plant and equipment.
