EDUCATIONWALL

# EDUCATIONWALL

---

EducationWall is a run of modular storage units to house all the key elements for the modern classroom. Items such as SMART Interactive Whiteboards, Gratrnell trays, charging points for tablets/laptops and lockers to name a few. All of the key items can be incorporated to make one complete attractive, user friendly, multi-purpose storage system.

- Maximises valuable classroom space.
- Improves performance, giving pupils added enthusiasm in the classroom.
- Saves money by taking all current individual products and merging them into one run.
- Acts as an inspirational focal point in a prime location providing space for display work and key learning points.
- Provides a wow factor – a unique tidy solution that fits in with current trends and demands of a busy classroom.
