

Garden Rooms

Generated on 10.04.2020

Detailed description

Composite self-contained garden room with a natural look, available in five sizes, two styles and four colour options.

Features and benefits:

- EDPM single ply roof and modular composite wood wall construction.
- Core comprising high-performance insulation to allow all-year-round use, and providing three times more wall insulation than traditional timber garden rooms.
- Weatherproof roof containing 100 mm-thick cellular foam insulation.
- Includes windows, doors, fascias, soffits and a power outlet.
- Low-maintenance.
- Stain-resistant.
- Durable and long-lasting.
- Easy installation with no plastering or decorating required.
- Secure 'A' rated-Eurocell PVC-U double-glazed windows and French doors.
- BBA-certified.
- 25-year limited residential warranty against warping, cracking, splitting, rotting and fungal decay – consult manufacturer for further details.

Applications:

- Home office.
- Playroom.
- Bar.
