

## Cast Iron Effect Guttering

Generated on 10.04.2020

### Detailed description

Cast iron-effect, PVC-U guttering, offering a high-capacity rainwater solution.

### Features and benefits:

- Easy to install and ready to fit without the need for painting or protective coatings.
- Cost-effective installation as minimal tools are required.
- Durable, with a long-lasting finish; there is no need to apply corrosion control traditionally used with cast iron systems.
- UV-stabilized to protect against colour-fade.
- Lightweight construction for ease of assembly.
- Stylish design.
- Deep, semi-elliptical profile that makes it suitable for most domestic applications.
- Ten-year guarantee on discolouration.

### Applications:

Suitable for new build and residential projects.

### Product guidance - As Standard

#### Length:

4000 mm.

#### Profile:

117 x 75 mm.

#### Material:

PVC-U.

#### Colour:

Black.
