

Safe-R SR/STP

Generated on 23.08.2019

Detailed description

Safe-R Soffit Plus SR/STP provides effective thermal and fire performance solutions in structural ceiling applications in commercial and residential buildings.

The high performance phenolic insulation board, with low emissivity textured aluminium foil facings, is bonded to impact resistant 6 mm-thick building panel which offers a secure finish for ease of maintenance to which a decorative finish may be applied.

Product guidance - As Standard

Standard:

To BS EN 13166.

Board size:

2400 x 1200 mm.

Edge profile:

Straight edge.

Thermal conductivity (lambda value):

Insulation: 0.020–0.021 W/m·K.

Options

Thickness:

Includes 6 mm building panel.
