

Alu Rapid Junior Staging Platform

Generated on 21.08.2019

Detailed description

Designed for easy use in primary schools where heavy items such as pianos are not required on stage. It does retain the Alu Rapid features of compact storage and durability.

Lifetime warranty.

Product guidance - As Standard

Material:

Aluminium and timber.

Leg size:

40 x 40 mm.

Storage:

Up to 20 high on top of each other on transport wheels i.e. 40m² of staging stored in 2 m² of floor area.

- Storage height:

80 mm.

Operation:

Aluminium legs are placed in the corner sockets and wing nuts tightened by hand. The leg is securely held in the corner by means of a sliding 'T' piece.

Design load:

250 kg/m² evenly distributed.
