

d-line Blok Fixing Full Glass

Generated on 05.07.2020

Detailed description

Modular handrail railing system. Through the balanced ratio of glass and 1.4401 (316) grade stainless steel, d-line offers good aesthetics and durability.

Features and benefits:

- Uninterrupted glass barrier.
- Fascia-mounted.
- Low maintenance; does not readily corrode, rust or stain.
- Comprises flat uprights and an oval-shaped block.
- Adjustable single anchor fixing.
- Modular connectors to eliminate the requirement for welding on site.
- Horizontal, uniformly distributed line load; uniformly distributed load applied to infill; and point load to infill testing are available.
- Allows designs in which glass extends below floor level.
- Manufactured from external grade 1.4401 (316) stainless steel.

Applications:

Suitable for heavy indoor and outdoor use for stairs and balustrades.

Product guidance - As Standard

Material:

Stainless steel AISI 1.4401 (316).

Surface treatment:

Matt brushed K320 and partly sandblasted.

Options
