

Diamante Collection

Generated on 17.09.2019

Detailed description

Bench collection with optional flower box. From Metalco's Stile collection.

All surfaces on these benches may be added to each other, both lengthways and widthways. They can be equipped with different kinds of supports and seats, flat and with backrests, single or double-sided, in steel, in wood or in stainless steel. All versions are pre-drilled for anchors.
