

## Creation 70 Slate - Tile

Generated on 05.07.2020

### Detailed description

Creation 70 Slate is a synthetic, decorative, flexible, recyclable, anti-static vinyl tile with bevelled edges. It consists of a transparent, 0.7 mm thick surface wear layer, a design film and a compact under layer. It is compressed and grained at high pressure.

It has a polyurethane (PUR+) surface treatment for ease of maintenance and to avoid the use of acrylic emulsion after installation.
