

## Mipolam Elegance - Sheet

Generated on 21.08.2019

### Detailed description

Mipolam Elegance is a densely compacted, homogeneous, anti-static and recyclable vinyl sheet floor covering. It has a non direction polychrome design and is colour dyed as a raw mixture to ensure even colour throughout its thickness.

It is surface treated with PUR Protect® to provide a low maintenance product with excellent cleaning characteristics that does not require the application of acrylic polishes. Treated sheeting provides excellent resistance to chemicals and alcohol, potentially making it suitable for use in the healthcare, pharmaceutical and cosmetic industries.

The product is anti-bacterial and fungicidal.

It is suitable for heavy duty traffic areas.

### Product guidance - As Standard

#### Width:

2.0 m.

#### Length:

20 m.

#### Thickness:

2 mm.

#### Weight:

2850 g/m<sup>2</sup>.

#### BS EN 649 wear group:

P.

#### BS EN 685 level of use class:

34 - 43 – Commercial, very heavy – Light industrial, heavy.
