

100 x 100 mm box gutter

Generated on 17.01.2020

Detailed description

100 x 100 mm pressed aluminium rectangular box gutter.

Jointing:

Butyl mastic tape with low modulus silicone sealant at rivet fix through positions is recommended.

Fixing:

Stainless steel fasteners are recommended.

Product guidance - As Standard

Dimensions:

- Size: 100 x 100 mm (back face 110 mm).
- Thickness: 2 mm.

Options

Sleeve outlets:

Sleeve outlets are available as an alternative to running outlets. A sleeve outlet consists of a square plate with attached spigot that may be set into the gutter base at any point, giving increased flexibility and cost efficiency. Consult manufacturer for details.

Finish/ Colour:

Gutters can be provided in natural mill finish or factory applied polyester powder coatings to BS 6496 and BS 6497. An extensive range of standard colours is available to RAL or BS colours. Other colours may be at an additional cost.
