

2000 PUR Tiles

Generated on 12.12.2019

Detailed description

2000 PUR Tiles are a range of marbleised floor tiles available in 2.0 mm and 2.5 mm thickness and feature a high quality, cross-linked polyurethane reinforcement, UV cured to provide a low cost, polish-free maintenance regime for the lifetime of the floorcovering. Especially recommended for hospitals, schools, offices, supermarkets and institutional buildings, where an easy to maintain, hardwearing floorcovering with an attractive, modern appearance is required.

2000 PUR tiles conform to a wide range of international standards, are classified as anti-static in accordance with EN 1815.

2000 PUR achieves BRE Global Environmental A+ Rating ENP 472 in the Green Guide to Specifications in major use areas such as education and healthcare. The product is 100% recyclable and contains 25% recycled material.

Generic EN 15804 Environmental Product Declaration (EPD) available on request.

2000 PUR has also been approved for marine applications.

Product guidance - As Standard

Material:

Homogeneous vinyl.

Options

Colour:

Available in 20 colourways.

Tile Size:

- 300 x 300 mm
- 608 x 608 mm
