

## LadderUP® Safety Post

Generated on 10.04.2020

### Detailed description

Telescopic safety posts, providing easier, safer ladder access through roof access hatches, floor doors and manholes. This telescoping post permanently mounts to the top two rungs of any fixed ladder, providing a positive hand-hold and enabling the user to enter or exit an opening in an upright and balanced position.

### Features and benefits:

- Adjustable mounting hardware accommodates virtually any ladder rung size or spacing.
- Telescoping design is spring balanced for ease of operation.
- Automatically locks in the fully raised position to provide the user with a firm and steady hand-hold for safer egress
- Handy release lever allows the post to be easily lowered to its retracted position.
- Available in four levels of corrosion resistance to provide many years of trouble free, dependable service.
