

AAS4502 & AAS4503 AURA® Threshold Plates

Generated on 06.07.2020

Detailed description

Seamless aluminium threshold plates. Fixings are concealed with a snap-on cover plate for premium aesthetics. Combine these threshold plates with a drop seal or door bottom seal to prevent rain, draught and smoke penetration.

Product guidance - As Standard

Location:

Single and double swing doors.

Seal material:

Aluminium cover, heavy duty polymer fixing plate.

Acoustic performance (BS EN ISO 10140-2):

Weighted sound reduction index up to (Rw): 31 dB (AAS7501 and AAS8501 on a standard architectural door).

Fixing:

Fixing screws supplied.

Options

Finish:

Other decorative finishes are available upon request. Consult manufacturer for details.
