

ASSA 1900PE

Generated on 24.08.2019

Detailed description

Push bars with choice of single, two-point or three-point locking. Vertical locking shoots are concealed within a surface-mounted housing. Light-action push plate. Easy to specify and install. Incorporates automatic deadlocking. Options available include external locking devices, extended width and key dogging.

Product has been successfully type-tested for conformity to all the requirements of BS EN 1125. Regular audit testing is undertaken.
