

Automatic Sliding Door - ASSA ABLOY SL520 SE Telescopic

Generated on 08.04.2020

Detailed description

ASSA ABLOY SL520 SE Telescopic automatic door system is designed to maximise the opening width in narrow passageways, providing an impressive solution where space is limited, the system is framed all round with slim line aluminium profiles, and comprises of doors, openers and safety units. Most models can be supplied with or without side screens and over-lights, and are suitable for beam or wall mounting installations. Can be supplied as bi-parting and single sliding where required. All models can be tailored to suit contract specific requirements.
