

## Mapefloor CPU/HD

Generated on 10.04.2020

### Detailed description

Polyurethane cement-based formulate, with high mechanical strength and resistance to chemicals. Applied at a thickness: 6–9 mm, it is ideal for finishing floors subject to heavy traffic, high chemical attack and subject to high thermal shock.

Suitable for use in foodstuffs, chemical and pharmaceutical industries. Good resistance to the stresses caused by the passage of forklift trucks and rubber-wheeled vehicles.

### Product specification

#### Manufacturer

- Name: Mapei (UK) Ltd
- Web: [www.mapei.co.uk](http://www.mapei.co.uk)
- Email: [sales@mapei.co.uk](mailto:sales@mapei.co.uk)
- Tel: +44 (0)121 508 6970
- Fax: +44 (0)121 508 6960
- Address: Mapei House, Steel Park Road, Halesowen, West Midlands B62 8HD
